

TeachersAid Questionnaire

The goal of TeachersAid is to allow teachers to teach more effectively. Some of the areas that TeachersAid would like to assist the teacher in are lesson plans, grading, attendance, communication with parents and students. Please fill in the contact information so that we can ask you questions if we have any on your answers. Please email your answers to the questions (sxw (open office) or rtf format) to awoehler at sourceforge.net.

Teacher Name: _____ Date: _____

Email address: _____

You email address will not be given out to any parties except those directly involved in the design of this program.
